

Dear Foundation Parents and Carers,

Carlton North Primary School is looking forward to another great year of teaching and learning and would like to advise you of the school's voluntary financial contributions for 2024.

CNPS is proud of the quality teaching and learning we provide our students. Like most Victorian Government schools, our school depends heavily on community assistance to supplement government funds.

Schools provide students with free instruction to fulfil the standard Victorian Curriculum and we want to assure you that all curriculum contributions are voluntary. However, the ongoing financial support of our families ensures that our school can offer the best possible quality of education and support for our students. At CNPS, we take great pride in the high quality and engaging curriculum that we deliver to our students. Financial support from our school community allows us to provide specialist subjects including The Arts, Physical Education and STEM.

Curriculum Contributions

A contribution is requested to cover the cost of items and activities that students use, or participate in, to access the curriculum. For example, stationery items, home reading journal and reading satchel, Visual Art materials, Science supplies, and support of student owned and school devices, along with various subscriptions to online learning portals.

The school is able to access a significant discount for the bulk purchase of school supplies, so the amount requested is as low as possible. However, if you would prefer to purchase these items yourself, please see the office to obtain a list.

Please note: the home reading satchel will follow your child into Year 1.

Extra-Curricular Items and Activities

Carlton North Primary School offers a range of items and activities that enhance or broaden the schooling experience of students above and beyond what the school provides in order to deliver the standard Curriculum. These are provided on a user-pays basis and comprise camps, excursions and activities which are invoiced throughout the year. In addition, external providers also offer a School Music Program, a Chess Club, and school photos which are taken early in the year and made available for purchase.

Other Contributions

Parents are invited to also make a donation to the school for a general or a specific purpose, e.g. a covered outdoor learning space, new library books to reflect the current interests and passions of our students, additional classroom support, new playground equipment, or to help families with the costs of camps, etc. Only contributions to the Building Fund and Library Fund are tax-deductible.

The Major Capital Works project currently being planned will not provide enough funding to re-landscape our grounds or replace our playground equipment. Your contributions will allow the School Council to grow and allocate funds to support this.

We do not ask for a specific amount as each family's circumstances are different. However, the table below provides a guide.

For further information on the Department's Parent Payments Policy please see a one-page overview attached.

Yours sincerely,

Rachel Corben
Principal

Rebecca Supierz and Kylie Lee
Joint School Council Presidents

Extra-Curricular Items and Activities – provided on a user-pays basis

Carlton North Primary School offers an optional range of items and activities that enhance or broaden the schooling experience of students and are above and beyond what the school provides in order to deliver the standard Curriculum:

| Extra-Curricular Items and Activities |
|--|
| Camps, Excursions and Activities to enhance the curriculum – <i>invoiced throughout the year</i> |
| School Music Program - provided by an external provider and <i>invoiced separately</i> |
| Chess Club – offered at lunchtimes once a week by an external provider and <i>invoiced separately</i> |
| School Photos - taken early in the year and <i>ordered through the provider</i> |

| Tax deductible contributions | Amount |
|---|---------------------------|
| Building Fund. A tax-deductible contribution to support upgrades to school infrastructure. We are currently building our funds towards installation of a covered learning space on the west side of the school called a COLA (Covered Outdoor Learning Area) to provide cover for students on rainy or hot days. | \$150 - \$250 (suggested) |
| Library Fund. A tax-deductible contribution to support book purchases and other equipment that sustain the library as a valuable resource. | \$150 - \$250 (suggested) |
| Other Contributions - for non-curriculum items and activities | Amount |
| Additional education support - Not all students requiring additional support are funded by the Department of Education as many don't meet the extensive criteria, however the school still provides as much support as possible. Your contribution would help us to pay for reading intervention, classroom support, equipment and resources to help these students. | \$150 - \$250 (suggested) |
| Playground Equipment - The Building Fund cannot be used for grounds. Your contribution here would provide funds to help the school replace the current aging playground equipment. | \$150 - \$250 (suggested) |
| Pay-It-Forward – Some of our families struggle with the cost of extra-curricular activities such as camps, excursions, the music program, chess club or photos. A contribution to the Community Engagement Fund would assist the school to subsidise these students. | \$50 - \$100 (suggested) |
| General contribution - Your general contribution will help us to purchase equipment for our students and learning spaces. Your contribution would help us to meet these costs. | \$150 - \$250 (suggested) |
